

Vehicle Energy Survey

Missouri S&T EcoCAR Team
NTEA Work Truck Show - March 11, 2010

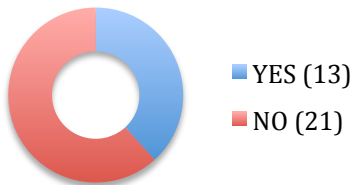

1) Were you previously aware that the NTEA has an affiliate division known as the Green Truck Association (GTA) focused on environmentally friendly trucks?

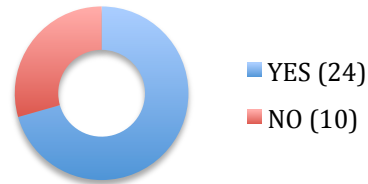

4) Would you consider buying an alternative energy vehicle as your next car?

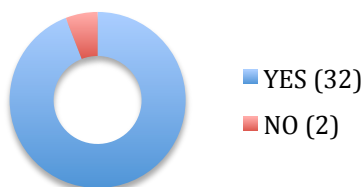

2) Were you aware that GTA membership is open to any interested business or organization?

5) Were you aware that the Department of Energy and Automakers collaborate to develop clean and efficient vehicles through research?

3) Would you like to see more fleet and commercial vehicles utilizing energy efficient technology?

6) Were you aware that universities like Missouri University of Science and Technology (Rolla, MO) participate in competitions to reduce automotive energy use and emissions?
